You can always count on!

What is Security Plus?

Security Plus is a maintenance plan covering your inside jacks and wiring for phone, Internet and TV services.

Why would I want it?

This works much like a maintenance plan that you might purchase for a major appliance. For less than 10 cents a day, you can avoid the \$70 per hour repair charge you would incur if you need to call for phone, Internet, or TV repair service. You will receive professional repair service from Rural Telephone/Nex-Tech's trained staff.

What does it cover?

If you experience problems such as static on the line, cutoffs, etc., Security Plus will cover the charge for a professional to come to your home or business. After evaluating, the professional will repair the problem if it is caused by the wiring or jacks. Your home or business will be protected for \$3.00 per month.

What doesn't it cover?

- Repair of the telephones
- New installation of jacks
- Business Telephone Systems, such as a key system or PBX
- Televisions and other equipment from other providers (eg. Internet)
- Computers and all peripheral devices

By signing, I agree to add this feature to my service agreement with Rural Telephone/Nex-Tech. I also agree that I will keep this feature for a minimum of 12 months. I understand that I will be billed \$3.00 per month. If I cancel prior to 12 months, I will be billed the number of remaining months times \$3.00. If I wish to cancel Security Plus, it is my responsibility to contact Rural Telephone/Nex-Tech.
