

911 Warning

911 service is available when using your Cloud Based Phone Service from the initial registered service address. If your Cloud Phone device is moved to a new service address, 911 will still be available, but the initial service address will be displayed for emergency personnel. Please contact Nex-Tech to make changes to your registered service address if necessary. Please note, if you experience a loss of power or Internet service, Cloud Based Phone Service will not be available.
