

Dog Treats

Ingredients:

1 cup pumpkin
1/2 cup peanut butter (no xylitol)
1 egg
1/4 cup honey
1/4 cup oil
1 cup oats
2-4 cups flour
1 tsp baking soda

1/4 cup peanut butter
2 Tbsp bacon grease

Instructions:

Preheat oven to 350 degrees.

The cookie ingredients can easily be combined by hand. Start out with a small amount of flour and keep adding until the dough gets firm. Turn dough onto a flour-covered surface and knead until smooth and not sticky, adding more flour as needed.

Roll out a portion of the dough and cut into shapes. Transfer to a parchment lined baking sheet and bake about 15 minutes. These are a somewhat soft cookie. Once cooled, mix together peanut butter and bacon grease until smooth, and drizzle over the cookies. Store in the freezer up to 2 weeks.
