

# DIGITALPHONE

## WHAT IS NEX-TECH DIGITAL PHONE?

Nex-Tech Digital Phone is phone service delivered via Voice over Internet Protocol (VoIP) technology. Instead of using a traditional phone line, it allows you to make and receive phone calls over a high-speed Internet connection. Nex-Tech Digital Phone packages include a wide variety of calling features, and there are less mandated taxes and fees.

### BENEFITS OF NEX-TECH DIGITAL PHONE

- ✓ Keep your existing phone number
- ✓ Relocate your phone from place to place all on your own
